Nathan Liew

2540 W St, Apt 1 68503, Lincoln, NE (531)-218-6561 nathanhongzliew@gmail.com

Lauc a Univer	itton sity Of Nebraska-Lincoln, <i>Lincoln,NE, USA</i>	Graduate: Dec 2023
	Computer Science	GPA: 3.87
	in Mathematics	
CGPA:	3.52 /Dean's List Fall 2020, Spring 2022	
	Experience	
	ka Judicial Branch, Justice Administration Office, IT Division, Lincoln, Nebraska, i	
	eveloper NATION AND AND AND AND AND AND AND AND AND AN	January 2023-Current
_	Convert thousands of pdf forms to searchable pdf format with Amazon Web Servi	ce API using Java and
	Maven and run codes automatically with bash scripts	
	- · · · · · · · · · · · · · · · · · · ·	June 2022 -Dec 2022
	Security Intern Penetration testing with GoPhish application by creating email templates and logi	
	CSS	
	Manage different websites using prepared Zoho developer tools with CSS and Jav implementing live chat and web tickets and write articles on website's user interface.	
	Carrier Corporation, 400 NW 56th St, Lincoln, Nebraska 68528, United States	
		August 2022 - Current
	Create a CRM Web Application consisting Basic, Pricing Sales, Operations and C	ontract Management
_	Profile as a Capstone Senior Design Project with a team of five members	
	Weekly Sponsor Meeting to track progress on sprints, roadmap and accomplishme SCRUM	ents through AGILE and
	Worked on pulling, saving and updating inputs to the database, functional collaps designing databases	ible sidebar and
		Flask Framework
UNL-T	RIO Programs-Educational Talent Search (ETS), Lincoln, Nebraska, United States	
	obotics Programming Mentor	Jan 2021-Sep 2021
	Prepare, revise and evaluate 18 weeks of lesson plan and course contents with vid	eo format for a virtual
	robotics course using a Sphero Bolt robot	
	Create a hands-on and collaborative learning environment for high school student participation on Zoom with Sphero Bolt robot during the Spring Robotics Camp	s by promoting active
	Promote teamwork and problem solving skills within students by engaging with st	tudents in a physical
_	classroom during the Summer Robotics Camp	41 C2D
	Organize class trips to different workshops to learn about the industrial use of droprinting in a bigger scale and the designs and use of different types of medical rob	
Co Fo	under @(TimeForFood)	
CO-FO		order based on website
_	relationships with customers and university catering services	iid successiui
	Have a solid understanding of the website operation and managed the flow of order	ers from restaurant
_	owners to customers	ors from restaurant
ā	· · · · · · · · · · · · · · · · · · ·	plan which includes
